

FRIENDS of TREES 2015 *Impact Report*

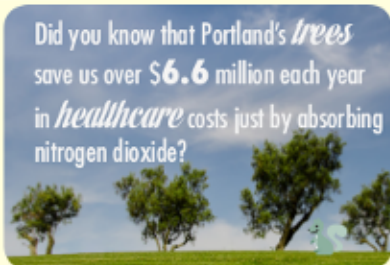

By the numbers:

6,836	<i>We planted in ...</i>	
<i>Supporters planted</i>	2	States
	5	Counties
	17	Cities
52,799	41	Natural Areas
<i>Trees and native shrubs</i>	121	Neighborhoods

"Trees are such a symbol of *life!* It's so amazing to think about caring for those who come after us by planting trees now."

Did you know that Portland's *trees* save us over **\$6.6** million each year in *healthcare* costs just by absorbing nitrogen dioxide?

Our *volunteers* contributed **36,776** hours in their *communities*.

1,491 *trees pruned* as part of our Community Tree Care Program.

4,408 new trees in the *Sandy River Delta*, thanks to **899** *Blazers'* 3-pointers and **67** *Ducks'* touchdowns!
