

Why I Plant Trees

“The trees we’re planting today will shade my family and others for generations to come.”

We are Friends of Trees. We plant trees in the Portland-Vancouver metro area to improve our air quality and keep stormwater from polluting our rivers. Our thousands of volunteers have planted hundreds of thousands of trees, growing Portland’s urban canopy while other U.S. cities have seen theirs reduced.

Discover how we can help you find the right tree for your house. Call, visit our web site, or talk to a community canvasser in your neighborhood. Or join us as a volunteer!
